 The primary election law furnishes
 an interesting item in that it provides
 for the closing of all saloons in the
 state for three days in succession dur-

 J. B. Paisley is always making im-
 provements about his hotel, The Pais-
 ley, for the convenience and comfort
 of his guests and patrons. It is only a
 short time ago he added a fine gas
 plant to furnish light. The latest im-
 provement is a marble drain along the
 front of the bar to carry away the over-
 flow. This addition improves the sani-
 tary condition of things, doing away
 with cuspidors, that are unsightly.

FIFTH ANNUAL NINE SALE.

Sale commences Saturday, August 11, and closes Friday, August 31.

Every August we give our customers an opportunity to purchase goods at very low prices and at the same time make room for our already arriving fall stock. We aim in these sales to clean up all lines so that we may commence the next season with Fresh, New Goods thereby keeping our stock thoroughly up to date. We look upon remnants of goods the same as you do upon a stub of lead pencil. We throw it away, or rather put such a price upon it that it sells on sight. The pencil having served its usefulness is no longer needed, neither is a broken up stock. The following prices will better show our meaning.

The earlier you come, the better the assortment. This Sale is for Cash or its Equivalent.

Prints! Prints!

To stimulate the selling at this sale, we will put out about 2000 yards of print in staple colors and patterns. Our customers knowing the price of calico at the present market, this offer cannot help but be appreciated:
